

CHILI - CONFERENCE ON HYBRID IMAGING LIVE

OCTOBER 29, 2021 | LIVE FROM VIENNA

PRELIMINARY PROGRAMME

08:25-08:30 **Introduction to CHILI 4.0**
Clemens Cyran, Munich /DE

NEW HORIZONS FOR HYBRID IMAGING

08:30-08:55 **Total body PET/CT - key benefits and applications**
Thomas Beyer, Vienna /AT

08:55-09:20 **AI in multimodality hybrid imaging**
Irène Buvat, Orsay /FR

09:20-09:45 **Novel molecular imaging probes for oncologic imaging and what's their translational potential**
Andrew Scott, Melbourne /AUS

09:45-10:15 **Round table discussion:**
The prospects of clinical implementation for new modalities, probes and algorithms on the horizon.

10:15-10:30 Break

ONCOLOGY 1: HYBRID IMAGING AS THE STANDARD OF CARE

10:30-10:50 **PET/CT in lymphoma - the standard of clinical care**
Marius Mayerhöfer, New York / USA

10:50-11:10 **Lung carcinoma - the challenges in staging and therapy monitoring**
Cornelia Schaefer-Prokop, Amersfoort / NL (tbc)

11:10-11:30 **Why PET/CT in HNSCC?**
Andy Scarsbrook, Leeds /UK

11:30-11:50 **Melanoma: Imaging-based therapeutic management**
Marcus Unterrainer, Munich /DE

11:50-12:15 **Discussion and Q&A with the experts**

12:15-12:30 Break

12:30-13:15: SPONSORED SYMPOSIUM & DISCUSSION

13:15-13:30 Break

ONCOLOGY 2: THE WORLD BEYOND FDG

- 13:30-13:50 **Neuroendocrine tumors: Therapeutic management with SSR-targeting tracers**
Clemens Cyran, Munich /DE
- 13:50-14:10 **Prostate carcinoma: PSMA PET/CT in clinical decision guidance**
Andreas Kjær, Copenhagen /DK (tbc)
- 14:10-14:30 **FAPI PET: the new FDG in solid tumors?**
Frederik Giesel, Heidelberg /DE
- 14:30-14:50 **FET PET/MRI in neuro-oncology**
Jiří Ferda, Plzeň /CZ
- 14:50-15:15 **Discussion and Q&A with the experts**

15:15-15:30 Break

15:30-16:00: SPONSORED SYMPOSIUM & DISCUSSION

16:00-16:15 Break

INFECTION AND INFLAMMATION

- 16:15-16:35 **Rheumatological diseases: The role of hybrid imaging**
Mona-Elisabeth Revheim, Oslo /NO
- 16:35-16:55 **Prosthesis infection - from aortic replacements to endoprosthesis**
Michel Eisenblätter, Freiburg /DE
- 16:55-17:15 **Specific tracers in imaging of inflammation**
José Vercher-Conejero, Barcelona /ES
- 17:15-17:35 **Hybrid imaging in COVID-19: What have we learned?**
Manil Subesinghe, London /UK
- 17:35-18:00 **Discussion and Q&A with the experts**

ESHI^{MT} - European Society for Hybrid, Molecular and Translational Imaging

Am Gestade 1, 1010 Vienna, Austria

p +43 1 5334064-903 | office@eshi-society.org
